# Haylou T19 True Wireless Earbuds User Manual

H A Y L O U

## Overview

## How to Wear

Please adjust earbud to fit yourself best.

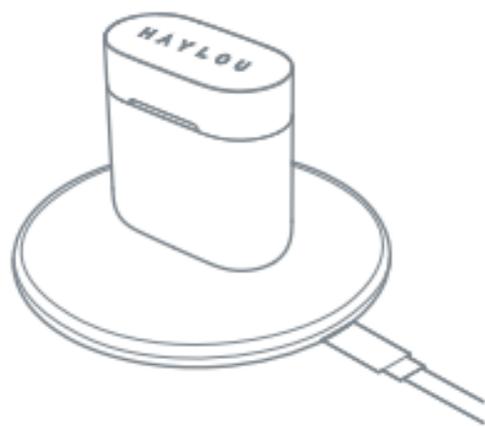

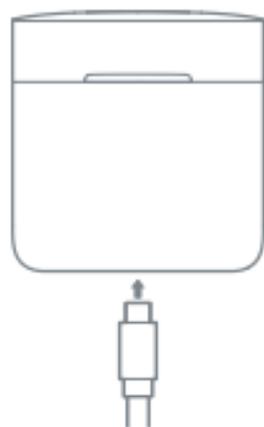

## How to Charge

Put earbuds into carry case to charge. LED on earbud will breathe white when charging and turn off once topped up.

You may charge the case via USB cable or choose wireless charging.

LED glows solid red when you charge the case and turns white once it is topped up.

Low battery warning: LED on case will blink red promptly when battery level is under 20%.

## Features

1. Bluetooth 5.0 TWS earbuds & Pick-up to use
2. AptX+AAC
3. Four-way mic with noise canceling in calling
4. Infrared wearing detection
5. Vibration feedback sensor offering precise control
6. 30 hours of playback
7. Wireless charging
8. Master-slave switch & Stable connection
9. Exclusive APP with opening lid to connect and pairing animation

## Power-on

Open lid to power on.

## Power-off

1. Push earbuds back into case to power off.
2. Auto power off with no connection beyond 5 minutes.

# How to Connect

## 1. Auto pairing

Take out both earbuds from the case. On phone, search for Haylou-T19\_R/L and tap to connect. Notice reminding you to connect to the other earbud will jump out on phone and tap to connect. If earbuds fail to connect, please push earbuds back into case and try again. After connection, earbuds will auto re-connect to the last device upon powering on again (Bluetooth function has to be activated).

**Note:** Earbuds have been initialized upon shipping out.

Step 1

Step 2

## 2. How to Link with APP

1. Please scan QR Code on package or below to download and install Haylou APP.
2. Or you may also download and install it in APP market.
3. For first time linking, please open lid and keep earbuds inside the case while Bluetooth function must be turned on.
4. In Haylou APP, tap Adding Device and follow the instructions to link.

### Notes:

1. Whenever instructions in APP diverge from the above steps, the former prevails.
2. Keep batteries of earbuds and case enough to use and do not turn off Bluetooth function.
3. For any connectivity issues, please repeat the above step 3 and 4. If the issue is not fixed, please set earbuds to factory.
4. No pairing animation for IOS syetem currently.

## Functions

### **Take off/put on earbuds**

When playing, pause/resume playing music

### **Double click left earbud**

Skip track backward (playing music)

### **Double click right earbud**

Skip track forward (playing music)

### **Double click either earbud**

Answer/end call

## Factory Setting

1. Charge the earbuds and open the lid on case.
2. Tap Touch Button on case 4 times and LED will blink red and white for 3s then close the lid.
3. Remove connectivity records on phone.
4. Power on earbuds and re-connect.

## One of the Earbuds Mute

It's unusual indeed, please set earbuds to factory, remove connectivity record on phone and re-connect.

## Other Charging Problems

1. White LED turns off after 30s. It means your earbuds have been fully charged.
2. My earbuds fail to be charged. Check battery status of the case.
3. LED does not turn on when I charge the case. The case has been fully charged so the light does not turn on.

## What's in the Box
