

TSM-B2

Stainless Antenna Marine Mount

Product Overview

TSM-B2 is a stainless-steel clamp-in ratchet base that can be installed vertically or horizontally on 7/8-inch (22 mm) and 1-inch (25 mm) rails. The quick-action handle is used to raise and lower the antenna and return it to the correct upright position. With TSM1 and TSM2, the mount can be used with ALFA Tube series devices.

Mounting Features

- 1 Clamp-in ratchet base
- 2 Vertical or horizontal installation
- 3 For 7/8-inch and 1-inch rails
- 4 Quick-action handle
- 5 For ALFA Tube series devices
